

## MIDWAY ENCOUNTERS RICH ORE BODY

### OFFICERS AND CREW OF TITANIC LEAVE NEW YORK

WASHINGTON, April 30.—United States Senator Smith, who has recently been acting in the capacity of the Titanic investigation committee, appointed by the vice president of the United States, today gave out the information to the press that that he intended to close the hearings of the horrible disaster some time this week. It is reported here that at least thirty officers and members of the crew of the ill-fated Titanic, started for New York City this morning, from which place they will sail for England aboard the White Star liner Adriatic this evening.

E. J. Dunn, a Beechurst, Long Island, salesman, this morning, testifying before the investigating committee, said that an unknown man had told him that a telegram had been received announcing the Titanic's sinking, at the White Star Steamship company's offices in New York, on Monday, April 15, before 8 a. m. Mr. Dunn also said he had given his word not to reveal his informant's name. From the many queries put to him by Chairman Smith it seems he (Smith) is determined to force Dunn to reveal the informant's cognomen.

### K. P. LODGE HOLDS ENJOYABLE ENTERTAINMENT

The local lodge of the Knights of Pythias last night held an enjoyable entertainment at the K. of P. hall. Quite a number of the members turned out to enjoy the jollification. Messrs. Johns and Walker rendered several solos that were well received. Lizette Hoskin delighted the assemblage with a song, playing her own accompaniment.

Mr. Baker rendered a touching selection on the violin. The song and dance by Austin Keils was good and he responded to an encore. The Pythian quartet sang several songs. At the conclusion of the entertainment a sumptuous "feed" was partaken of.

### Find Made In New Territory, 600 Feet West of the Shaft--Ledge of Picture Ore Widened From Small Stringer.

Great excitement prevailed in Tonopah yesterday when the news that a rich strike had been made in the Midway mine. This morning a Bonanza representative visited the workings and had the rumor confirmed. For several months the company has been running a crosscut on the 600-foot level north and west of the shaft, hoping that a known ledge would be cut at that depth. Last week the vein was encountered, and after crosscutting, it measured twelve feet, throughout which traversed a number of stringers of ore, varying from four to eight inches, all carrying good values.

The four-inch stringer was picked up and drifted on fifteen feet to the west, where a body of high-grade ore, two feet wide, was opened up. The same stringer was traced to the east with the result that one foot of ore, equally as rich, was broken into. Values run well into picture values.

The new strike means much for the Tonopah district, as the find was made in new territory, near the center of the Midway property, and has every indication of the opening up of another great body of ore.

The formation is characteristic of the Mizpah, a trochyte.

### YEA, YEA, EAGLES TO HOLD PLEASANT ENTERTAINMENT

Yea, yea! Yes, it is the Eagles' turn now. An the bird tribe know how to entertain. For some time the committee in charge of the entertainment that will be given at the K. of P. hall Friday night, have been at work preparing the program.

Several entertainers have signified their intention of being present, and will add to the evenings merriment by doing acrobatic stunts.

The "Texas Tommy" will hold the boards for the first act. The Printy Sisters will do a turn, as well as the Heyman Sisters, who are popular in Tonopah. Burt Banfield has something up his sleeve that will be sprung, so it will interest all Eagles to be on hand. J. A. Sanders and H. H. Atkinson will both deliver an address on Eagleism. At the conclusion refreshments will be served.

### MASSACHUSETTS PRIMARY VOTE IS QUITE HEAVY

BOSTON, Mass., April 30.—The day is cloudy and raining. The main interest in today's presidential preference primaries is centered in the republican fight between Roosevelt and Taft, a bitter campaign having been waged by both these aspirants to the presidential nomination in the republican convention, to be held later in Chicago. Today the adherents of both Roosevelt and Taft are confident of carrying off the laurels. The Taft faction predict a clean sweep.

Champ Clark and Woodrow Wilson supporters are claiming the state, but little interest has been manifested in the democratic fight. During the morning hours of the primaries the vote was very heavy and, it is believed, if the vote is close, the result will not be known until Wednesday morning.

BOSTON, April 30.—The heaviest vote cast in years was polled today. The rain which fell during the morning hours ceased at noon. The managers of both factions report that five republican votes to one democratic were cast. The Taft-Roosevelt outcome is doubtful.

### HARVESTER SUIT IS FILED IN THE FEDERAL COURT

ST. PAUL, Minn., April 30.—Hon. Joel Dickey, assistant United States federal attorney, today filed suit in the federal court in this city against the International Harvester company. Accompanying the papers filed today is an application to Federal Judge Willard asking that the Harvester trust case be tried immediately. Among the documents are many signed subpoenas citing various officials of the Harvester company to appear in court on May 16.

### KATHERINE CO. HAS INSTALLED HOISTING PLANT

From Tom Murphy and "Jack" Bryan, who came in from Lone yesterday, the Bonanza learns that on the Katherine group of claims, owned by the former gentleman and associates, a complete hoisting plant is being installed and will be in operation within a couple of weeks. Then a campaign of active development will follow on the property.

From the mine a big shipment of ore is now being made to the Berlin mill and the run on it will be made in the next few days. If the results prove satisfactory, as it is believed they will, two or three of the batteries will be kept constantly employed in the future on runs from the Katherine.

On the Surprise group, owned by Branton, Steele and Vance, three shifts are steadily employed in sinking a vertical shaft and making six feet a day. When a depth of 100 feet is reached, a crosscut will be run to catch an ore shoot which appeared in the old incline shaft at a depth of about 35 feet.

Snow has now disappeared from the mountains surrounding Lone, and many prospectors are devoting to the yellow metal. A number of promising finds have been made and there is every reason to believe that some of them will develop into productive properties. Both Murphy and Bryan predict lively times about Lone this summer and fall.

F. C. Butler was an arrival from Reno today.

### WOULD BUY THE SIGHT OF THE OLD FORT BUCHANAN

WASHINGTON, April 30.—Federal recognition of the pioneers whose scalps were forfeited in bloody warfare for conquest of Ohio in 1812, is asked from congress in a bill introduced in the house by Representative Post, democrat, of Ohio.

An appropriation of \$25,000 to buy the site of old Fort Buchanan, near the village of Covington, in Miami county, Ohio, is provided in the Post bill. Erection of bronze monuments to the leaders and men in the ranks of the bloody warfare which waged for years about Fort Buchanan is another recognition asked.

General Anthony Wayne was the leader of the Indian fighters, Col. George Buchanan being in charge of the frontier fort. Heirs of the heroes offered to donate brass tablets to supplement the monuments on the old fort's site.

General Anthony Wayne was the leader of the Indian fighters, Col. George Buchanan being in charge of the frontier fort. Heirs of the heroes offered to donate brass tablets to supplement the monuments on the old fort's site.

### SUFFRAGETTES WILL SIGN PLEDGE OF ECONOMY

LONDON, April 30.—A new scheme has been devised to boost the woman suffrage movement—the idea of Mrs. Cecil Chapman, president of the New Constitutional Society for Woman Suffrage. Circulars have been spread broadcast throughout the country inviting the women to sign the following pledge:

"Feeling that we are called upon to make some sacrifice in the cause of woman's suffrage enfranchisement, I, the undersigned, undertake henceforth, to spend the least possible amount in clothing and personal expenses of every sort, and to use all I save by this means to promote the suffrage movement until the parliamentary vote has been granted to women."

Furthermore, each pledge signer to be provided with printed slips for enclosing with every bill they pay, reading:

"I am pledged to save all I can from personal expenses in order to promote the woman suffrage movement."

It is believed that tradesmen, milliners and others receiving these slips will be influenced in favor of votes for women, especially when they look up the accounts of their customers and note the reduction from last year.

R. H. Bergin and wife of Millers were visitors in Tonopah today.

### WARDEN BAKER MAY REFUSE TO SURRENDER JOB

RENO, Nev., April 30.—There is much adverse comment among republicans in Carson and Reno over the action of Governor Oddie in voting with Secretary of State Geo. Brodigan in removing Warden Ray Baker of the Nevada state prison and the appointing of George Cowling in his place. Not one of the charges preferred by Governor Oddie against Baker was sustained. It is said here today that Baker will refuse to vacate his office tomorrow and will invoke the supreme court to sustain him in his rights.

The republicans of this section of the state are asking the question why the governor, state treasurer and controller, board of asylum directors, still retain Assistant Bingham at the asylum, who is a democrat, while the board is composed of republicans.

### WILL COLLECT OLD WEAPONS OF WARFARE

WASHINGTON, April 30.—A collection of weapons of the Philippine tribes is to be made and installed at the West Point Military academy. Old weapons of the Spaniards of the islands will also be included.

General Barry, superintendent of the West Point academy, has asked congress to appropriate \$750 to buy certain styles of weapons, which have become scarce in the islands and owned only by private collectors.

The director of the Philippine constabulary will superintend the collection of the Filipino weapons, which, it is planned, will represent the military history and evolution of even the most savage tribes.

### BILLY FORD IS EXONERATED BY CORONER'S JURY

The coroner's jury, empanelled to inquire into the death of Yee Joe, who was killed last Thursday night by "Billy" Ford, brought in a verdict late Saturday afternoon of justifiable homicide, which exonerated "Billy" Ford, who was charged with having done the killing. The evidence brought out at the hearing was to the effect that Yee Joe had threatened Ford's life and had gone for a weapon. Ford, in order to protect his own life, shot and killed Joe.

ANNIE M. WATSON IS  
GUARDIAN OF PROPERTY

Annie M. Watson yesterday petitioned the district court asking to be appointed guardian of the property owned by her husband, William A. Watson, who was recently adjudged insane and committed to the Nevada insane asylum at Reno. The petition was granted.

### PUBLIC MEETING AT SCHOOL HOUSE

There will be a public meeting of the heads of families held at the primary school house tomorrow (Wednesday) evening at 7:30 o'clock sharp, for the purpose of discussing the new proposed school building. The attendance of parents and guardians is requested, that plans and site of the new building may be discussed. A meeting was held yesterday afternoon at 3 o'clock, but the attendance was so slim that the trustees decided to recess until tomorrow night. It is hoped that a goodly number will attend Wednesday night and take an interest in the new school building to be erected. Remember the hour—7:30 o'clock, sharp.

Many articles lost have been found and returned through the Bonanza's "classified ads."

### Bells Toll and Flags Are at Half Mast In Re- spect to the Dead--Bodies Wrapped In Burlap Strew Decks--Blue Jackets Police the Pier.

HALIFAX, Nova Scotia, April 30.—The Mackay-Bennett, with one hundred and ninety bodies aboard, docked here early this morning. Two of the bodies were women. John Jacob Astor's body was identified by jewelry and business cards in his pockets. One hundred and sixteen other bodies were found in such a condition as to preclude them from being brought here.

All these bodies were buried at sea. As the vessel docked, the church bells tolled and flags throughout the city were at half-mast. Blue jackets policed the pier, barring all except those carrying passes to take their stand on the dock. As the Mackay-Bennett approached, great piles of bodies on the decks were visible. Some of these were wrapped in burlap, while many others, with uncovered arms and heads, were visible.

The uncovered corpses were removed first. Amidship a huge tarpaulin was lifted and an enormous group of dead were disclosed. All lay in cramped positions, with sea-stained faces, features distorted and grimacing horribly and with eyes staring. No crowd was about the dock.

One of the bodies, supposedly that of George Widener of Philadelphia, whose head was terribly crushed, is yet unidentified. The bodies of John Jacob Astor and Isidor Strauss were both in separate coffins. No bodies so far found show evidences of being shot, as the bodies bore no bullet marks. The condition of the corpses show that they were horribly frozen, discolored and battered, scores of them being unrecognizable. Those buried at sea were in the worst condition.

### ANTICIPATING WAR SWISS BANK PRINTS NOTES

GENEVA, April 30.—Anticipating the possibility of war breaking out in Europe, the Swiss National bank has just finished printing \$6,000,000 worth of twenty franc "war" notes. This action was taken in accordance with a federal law which permits such an emergency circulation "in extraordinary circumstances," and upon the report of one of the bank's directors, who recently made a careful investigation of the relations existing among the great powers. The notes are now stored in the cellars of the bank's headquarters at Zurich, and will not be issued unless war is actually declared. The lowest bank note at present is fifty francs.

Heat medium is the Bonanza ads.

### SOCIALISTS ADOPT JOB'S RESOLUTION

SAN FRANCISCO, April 30.—The socialists today adopted the Job Harriman resolution, authorizing socialists to co-operate with organized labor in support of skilled, unorganized and migratory workers in strikes and boycotts, looking forward to getting closer in the political and economic field.

ROOSEVELT CONFIDENT OF  
CARRYING MASSACHUSETTS

NEW YORK, April 30.—Colonel Theodore Roosevelt returned here today from his campaigning tour of Massachusetts and went immediately to his home at Oyster Bay, where he will receive the returns from the presidential preference primaries being held today in the state of Massachusetts. He is confident of carrying the state.

## MACKAY-BENNETT ARRIVES WITH ONE HUNDRED AND NINETY BODIES
